## STOLEN AUTOS BOTH RECOVERED

Accessories Missing on Machines Taken Wednesday Night from John Kennedy and Georgia Hunt

### ANOTHER THEFT FRUSTRATED

Earl Morton Reports Attempt to Steal His Car—Keys Left by Man Found in Machine

The two automobiles that were stolen Wednesday night, were recovered Thursday, and in each case the thieves stole accessories when they discarded the machines.

The Ford coupe belonging to John Kennedy, which was taken from in front of his house, was found about noon Thursday along the side of the road south of Circleville. Two tires were removed and a spot light and all of the tools were stolen, but otherwise no damage was done to the car.

The Maxwell coupe owned by Miss Georgia Hunt was abandoned in Glenwood and located Thursday night. The robbers evidently were intending to leave the country with it, when a tire blew out. The extra tire on the rear was partially unwrapped, and it appeared as if the robbers were frightened away before they had a chance to change tires. All of the accessories about the machine, including the tools, were stolen.

Earl Morton reported to the police Thursday that when he went to get in his machine Wednesday night, it was occupied by a man attempting to unlock the switch board. He took the fellow in charge who said that he lived in Muncie but meant no harm by sitting in the car. After Morton had given him his release, he discovered that the man had left his bunch of keys on a key ring in the switch board and the keys have been turned over to the police as a clue to the guilty party.

The man evidently was preparing to drive the car away, when the owner appeared on the scene and frustrated the plans.

## RUSHVILLE WOMAN ALLOWED TO GO FREE

Indianapolis Patrolman Reprimanded for Hauling Mrs. J. E. Churchill in Patrol Wagon

### FOR A MOTOR LAW VIOLATION

After being hauled to Indianapolis police station in a patrol wagon Mrs. J. E. Churchill of this city, who was detained by a traffic policeman for alleged violation of the motor laws, was allowed to go free and the charge against her was dismissed. The patrolman was severely reprimanded for the treatment given Mrs. Churchill, according to the following from the Indianapolis News:

Herman F. Rikoff, chief of police, Tuesday afternoon reprimanded Traffic Policeman Record for arresting Mrs. J. E. Churchill, of Rushville, for violation of the traffic ordinance. Mrs. Churchill is said to have passed one of the "silent" policemen without stopping as it commanded. The chief also instructed Lieutenant Louis Johnson to instruct traffic officers not to arrest out-of-town motorists who disobey traffic signals, but to warn them of the danger of such violations. The charge against Mrs. Churchill was dismissed.

Mrs. Churchill told officers at the police station that she had elderly women in her car, and had only two blocks to take them when Record placed her under arrest and took her to the police station in the patrol. The two women were compelled to wait in the car until she returned to Meridian and Thirtieth streets, where the arrest was made, she said. She was released on her own recognizance after telling her story to Captain Fletcher at the police station.

### ELECTION OF OFFICERS

## Noah's Ark Is Referred To As A Barge

Garden of Eden is "a Park" and the City of David "Davidsburg" in New Translation of Old Testament Just Completed by Dr. James Moffatt of Glasgow, Scotland

(By United Press)

New York, Nov. 28—Noah's Ark is a "barge," the Garden of Eden is a "park," the city of David "Davidsburg" in the new translation of the old testament, just completed by Dr. James Moffatt, of Glasgow, Scotland. The announced effort of Dr. Moffatt is to reduce the old testament to a language that will be understood in 1924. The author who has many titles from learned societies is of the opinion that the old testament in the King James version, couched in the language of 1611, is not clear in 1924. He advocates a re-translation of the Bible for every generation in the language of that generation.

The latest Moffatt work is not, the preface states, a revision of the accepted King James Revision of the scriptures, but a new translation from the original manuscripts. It is an interpretation, both exact and idiomatic, intended for the 20th century, he says. The original translation, Dr. Moffatt holds, was made from various sources—Judaic and northern Israel—neither of which was compiled earlier than the ninth century.

The first volume carries through the book of Esther. Dr. Moffatt in his book explains the old testament is for the most part, made from a collection of books oriental in form and in thought. They have, he says, been edited drastically by other hands. He has tried to reconcile them and bring them up to date in translating the language into modern English. He admits that the original Hebrew text has in many cases no exact translation into 1924 English and in these cases he has used the Hebrew knowledge.

Dr. Moffatt discards the word Jehovah and replaces it with "the eternal" as more nearly representing the meaning of the ancient Hebrew word to modern thought.

## DEFECTIVE FLUE FIRE CAUSE

Small Portion of Roof at Home of Eli Owens Burns

A defective flue caused a fire loss estimated at \$25 Thursday shortly after noon, at the residence of Eli Owens, 822 West Second street. A small portion of the roof was burned off, and it was necessary to lay a line of hose in order to put out the fire. The alarm was turned in from box 36, Second and Hannah streets, which summoned the department.

The dwelling is owned by William Hardin, and insurance sufficient to cover the loss was carried. The run yesterday was the tenth for the month, and the 71st for the year.

## ARE GIVEN 10 TO 21 YEARS

Former Policemen Who Robbed Hagerstown Bank Sentenced

Richmond, Ind., Nov. 28—John Pritchard, 28, and Carl Roberts confessed robbers of the Hagerstown Union Trust Company bank, today were given terms of ten to twenty-one years in the state prison when arraigned before Judge Hoelscher.

Both men, former members of the Fort Wayne police force, entered pleas of guilty and asked to be sentenced immediately.

They were caught a few days after the robbery, which occurred on Friday, November 14. The daylight theft netted them \$1,500, about half of which was recovered.

### INJURED IN CRASH

Datus Hollowell, resident of Washington township, is recovering from a serious auto mishap which he suffered injury a few days ago. He was driving his Ford coupe on state highway 36, south of Mays, when a machine driven by people from Brookville, collided with him. He suffered a broken rib and other injuries which have caused him to be confined to his bed since. Both machines were badly broken, and the people from Brookville escaped with only minor cuts and bruises.

## To Prison

Mrs. Chris Haney must serve from one to five years in a Kansas state penal institution for complicity in the robbery of the Rock State Bank, south of Wichita, last January. Her husband, Bill Haney, was shot to death in a gun battle with Peoria (Ill.) police last summer.

## ATTENDANCE IS UNUSUALLY LARGE

Dr. J. T. Scull Gives Reasons for Being Thankful in Sermon at Union Services Thanksgiving Night

### DAY PASSES QUIETLY HERE

Family Gatherings at Which Turkey Dinners Were Main Attractions Uppermost on Holiday

Attendance at the annual Thanksgiving union services of Rushville churches Thursday evening, at the First Presbyterian church, was unusually large, the main auditorium being filled with people, and a number were seated in the Sunday school room.

The meeting was held under the auspices of the Rushville Ministerial association and the sermon was delivered by the Rev. J. T. Scull of this city, district superintendent of the Methodist Episcopal church.

Thanksgiving day was observed throughout the county in the customary way, the day being given over to family gatherings, at which turkey dinners were the principal attractions.

Many visitors from outside the county were here over the holiday and scores of local people spent the day with friends and relatives elsewhere.

More than the ordinary number of hunters were out Thursday in search of game, according to reports received today.

County wards at the infirmary had a special dinner with chicken instead of turkey as the meat, but there was no occasion for a special meal at the county jail, due to the fact that it was unoccupied, except by Sheriff Hunt and his family.

The musical program at the union services last night was carried out as planned. Mrs. C. E. Walden sang a selection and a combined choir from all of the churches provided other numbers.

The Rev. Gibson Wilson, pastor of the First Presbyterian church, presided at the services, and the Rev. H. W. Hargett, pastor of St. Paul's Methodist Episcopal church, read the president's proclamation. Other ministers of the city were unable to be present on account of illness in their families.

Dr. Scull commented upon the fact that the people of the United States should be thankful that this is a Christian nation. He declared that basis for the statement that this is a Christian nation could be found in the motive which actuated the Pilgrim Fathers in their coming to these shores. He also pointed out that every president of the United States had been a Christian.

Dr. Scull enumerated the many things for which people should give thanks, calling attention to the value of being able to remember and to the joy of having friends. They should be thankful, too, he said, for sight and taste and the other senses.

The sum of \$22.05 was received in the free will offering, which will go to the ministerial association for use in its work.

## Effort To Be Made To Determine What Is Breaking Up Radio Waves

City Water and Light Plant Will Be Shut Down Completely Tonight at Midnight and Investigation Will Also Be Made at I. & C. Sub-Station. Dr. M. C. Sexton Gets Foreign Stations At Orange

The disturbance in the air about Rushville, which has made radio receiving next to impossible for several weeks, will be completely investigated by the various concerns, which might be responsible for the condition, it was stated today.

The noise that causes the interference has not been traced, and resembles a serious electrical leak of some kind, which breaks the radio waves all to pieces and puts the most expensive radio set out of business.

Three places were pointed out as probably having a leak—the telephone exchange, the city water and light plant and the Indianapolis and Cincinnati traction company. All three concerns are anxious to find the trouble and are co-operating in the matter.

The telephone plant one night this week shut completely down for a few minutes, but the noise continued. Tonight at midnight the city electric plant will shut completely down in an effort to find out if the trouble is in their lines. There is a ground detector on the switch board, but so far the switch board does not reveal any ground.

William Waggoner, master mechanic at the I. & C. shops here, stated today that he would make an investigation tonight of conditions at the

sub-station of the power plant, located here. He will attempt to find whether there is a leak in the wires, by using a ground detector. The sub-station is a 500 kilowatt plant.

The noise that has caused the disturbance disappeared this morning, and radio fans were jubilant, but as the noise has disappeared before and then reappeared against on short notice, the investigations will be made if the noise is in the air tonight.

This week is international radio week, set aside for foreign reception between ten and eleven o'clock each night, but the interference has been so strong here, that no one in Rushville has had an opportunity to tune in on the foreign stations.

Dr. M. C. Sexton took his set to Orange Thursday during the international test, heard Aberdeen, Scotland very plainly and also Madrid, Spain. His set is an eight tube, home assembled outfit and the reception was reported excellent. Dr. A. G. Shauck of Arlington also reported a successful reception of foreign stations one night this week.

The international test will close Sunday night.

### Results In Indianapolis

Indianapolis, Ind., Nov. 28—Indianapolis radio fans listened in on the International air test Thanksgiving night and many reported excellent programs from European broadcasting stations.

Stations in Spain, England, Scotland, France and one in Russia were heard.

European stations will again be on the air from 10 to 11 o'clock tonight.

## HOLIDAY MISHAPS COST FIVE LIVES

Four Persons are Killed in Automobile Crashes and One Shot While Hunting

### SIX OTHERS ARE INJURED

Bedford Man and Daughter Killed When Interurban Strikes Machine at Crossing

(By United Press)

Indianapolis, Ind., Nov. 28—Thanksgiving accidents took a toll of five dead and six injured in Indiana.

Four were killed in auto accidents and one was shot while hunting. The injured were all hurt in auto crashes.

Grover Hawkins, of Bedford with his wife and their five children were speeding to Indianapolis for Thanksgiving dinner with his mother when their auto was struck by an interurban car near Maywood.

Hawkins and his sixteen year old daughter, Ruth, were killed. Mrs. Hawkins and Esther and Helen Hawkins were seriously hurt and Paul and Robert Hawkins were badly cut and bruised.

The mother and two daughters were brought to a hospital here, where it was feared the two girls would not recover.

Paul Hawkins, the only member of the party who was able to give an account of the accident, said his father saw another machine cross the interurban tracks and followed it.

The auto was demolished.

Ray Poppenfoose, 18, was killed when his shotgun was accidentally discharged while he was hunting near North Webster.

Mrs. Clara Quatenburg, 53, of Elwood, was returning home in the side car of her son's motorcycle from a Thanksgiving dinner with relatives when the motorcycle crashed into a telephone pole. She was thrown to the pavement and fatally injured.

Thos. Clappitt, 80, was struck by an auto at Warren and received

## SON IS RECALLED FOR EXAMINATION

Clarence Sheatsley, 16, Summoned to Office of Prosecutor For Further Questioning Today

### AN ALIENIST IN THE CASE

Dr. R. C. Tarbell Asked to be Present and Listen to Boy's Review of Story of Discovery

(By United Press)

Columbus, Ohio, Nov. 28—Clarence Sheatsley, 16, son of Mrs. Addie Sheatsley, whose partly cremated body was found in the furnace of the Lutheran parsonage a week ago Monday afternoon was summoned to the office of Prosecutor King for further questioning today.

Young Sheatsley was to be asked to tell again of the scene in the Sheatsley home the day of the tragedy, how he peered into the furnace and thought he saw his mother's body but went out to the football field to "try to forget."

An alienist was introduced into the mystery for the first time today when Dr. R. C. Tarbell was asked to be present in the attorney's office and listen to the boy's review of his story.

The prosecutor and detectives read over copies of Clarence's former testimony to familiarize themselves with his story before re-examining him.

The probe was at a standstill over Thanksgiving. Returning to his office this morning, King said the work would be taken up where it was left Wednesday night.

## BONUS FIGHT CLOSED CHAPTER

Legion Will Make No Further Effort for More Liberal Terms

Indianapolis, Ind., Nov. 28—The American Legion will make no effort at the coming session of congress to secure more liberal terms for former service men under the adjusted compensation law, John R. Drain, national commander, announced today. "The bonus fight is a closed chapter as far as the legion is concerned," Drain declared. "Revision of the law will be asked only in the event clarification of the administrative provisions becomes necessary."

## FIRST CHURCH IN CITY TO CELEBRATE

St. Paul's Methodist Episcopal Congregation Plans Observance of Centennial, Beginning Sunday

### A PROGRAM FOR THE WEEK

Epworth League and Ladies Days are Arranged With Special Events Scheduled for Each

Next Sunday morning St. Paul's Methodist Episcopal church will begin the celebration of the hundredth anniversary of its organization. In the latter part of November 1824 the Rev. James Havens was appointed to the Connersville circuit. Either on the last Sunday in November or the first in December of that year he organized the church in Rushville and made it a regular preaching point on the Connersville circuit. The first society consisted of nine members with John Alley as class leader.

On Sunday morning the pastor will preach the historical sermon on the topic, "One Hundred Years of Happy Methodism in Rushville." On Sunday evening the district superintendent, Dr. J. T. Scull, will preach. Wednesday afternoon and evening will be young people's day. Special speakers from other places will be present. In the evening a national Epworth League worker from Chicago will deliver an address.

Thursday evening Dr. Scull will preach and conduct the first quarterly conference. Friday will be Ladies Day. The Aid society will have a bazaar in the afternoon and an oyster supper in the evening. Sunday, December 7, the Rev. Dr. W. W. Sweet of DePauw University will preach the Centennial sermon. In the afternoon at three o'clock Dr. J. W. Turner of Decatur county, a former pastor, will preach. In the evening there will be the monthly service of praise with a special address by Judge Sparks.

"St. Paul is one hundred years young" says a statement from the pastor. "It was the first church organized on the town site, but all its activities indicate youth and growth. It dreams of infinitely greater achievements in the coming century than in the past. Its purpose is to unite religion and common sense. Its motto 'Reaching forward toward the things that are before.'"

### BURNS TO DEATH

Logansport, Ind., Nov. 28—Mansford Coleman, 45, living near Walton, was burned to death today in the explosion of a can of kerosene with which he attempted to light a fire in the heating stove in his home. His clothing was burned from his body and a part of the house was destroyed before neighbors distinguished the flames.

### CASH BEQUESTS OF \$50,000

Marion, Ohio, Nov. 28—The will of the late Florence Kling Harding, widow of President Harding, was filed for probate here today. Cash bequests in excess of \$50,000 are distributed generously among her relatives and close friends. No complete estimate of the value of the state is yet available.

## CHANGES OF JUDGE DELAY TWO CASES

Last Minute Motion Results in Trial of Tom Meek and Raymond Morford Being Postponed

### WAS SET FOR HEARING TODAY

List of Five Judges Submitted by Judge Sparks but Defense Fails to Strike Off Two

Changes of judge in two criminal court cases were affected this morning in the circuit court, one case being set for trial this morning, but it was delayed on account of the motion seeking another judge.

The case set for trial this morning was against Tom Meek and Raymond Morford, charged with conspiracy and grand larceny in connection with the alleged theft of two steers. Meek filed the motion for a change of judge.

The witnesses and jury were present for the case, although it was intimated Wednesday that the case would not be tried because of a motion that was expected to be presented.

Judge Sparks in granting the motion to Meek, submitted the list of five judges as triers. The list included Fremont Miller of Franklin, Rufus Hinshaw of Newcastle, Gus Holscher of Richmond, James A. Collins, Indianapolis, and Fred Hines of Noblesville. The state immediately struck off Judge Holscher and Judge Collins, but the defense asked for time and will strike off Saturday, thus causing the case to be delayed. The date of the trial will depend upon the judge that is selected to try the cause.

This morning the attorneys for William B. Brann, charged with maintaining and assisting in the maintenance of a common nuisance, filed a motion for a change of judge, which was granted.

Judge Sparks in turn submitted five jurists, Judge James Collins of Indianapolis, Charles Lowe of Lawrenceburg, Rufus Hinshaw of Newcastle, Fremont Miller of Franklin and John W. Craig of Greensburg.

The state struck off the names of Judge Hinshaw and Judge Miller and the defense struck off Judge Collins and Judge Lowe, leaving the appointment open to Judge Craig of Greensburg, who will be asked to serve in the case.

The case against Brann has been set for December 4, but on account of the change of judge, the date may be changed by the judge-elect in order to suit the parties concerned.

## REPUBLICAN SENATORS WILL PUNISH ERRANTS

Vote at Caucus to Bar Four Progressive Senators From Committees—Watson Assistant Leader

### CURTIS AS LODGE SUCCESSOR

Washington, Nov. 28—Senate republicans today voted in caucus to punish Senators LaFollette of Wisconsin, Brookhart of Iowa, Ladd of North Dakota and Frazier of North Dakota, for their errant republicanism.

After electing Senator Curtis of Kansas, as majority floor leader to succeed the late Henry Cabot Lodge and naming Senator Watson as his assistant, the caucus passed a resolution to bar the four progressive senators from any future caucuses. It also voted not to consider these four in filling future committee vacancies.

The action is considered little better than ousting Senator LaFollette and his three supporters from the Republican party. The basis of the action was the active work of the quartet against President Coolidge during the campaign.

Several other senators, who are regarded more or less supporters of Senator LaFollette were not included because they took no active part in the campaign against the president.

## Diseases traced to constipation are many —get permanent relief with Kellogg's Bran

Why does constipation breed other diseases? Because it floods your system with dangerous poisons. And the longer you suffer, the more poisons accumulate. That is why constipation should be relieved at once.

Doctors recommend Kellogg's Bran, cooked and branched. They know it brings results because it is ALL bran. And only ALL bran can be 100 percent effective in relieving constipation.

ALL bran — Kellogg's — sweeps, cleans and purifies the intestine. It acts as a natural laxative. It makes the intestine function naturally and regularly. If eaten regularly, it will bring permanent relief in the most chronic cases of constipation — is guaranteed.

to do so or your grocer returns your money.

Put at least two tablespoonsful daily — in chronic cases, with every meal. You will like the wonderful Kellogg's flavor — so crisp and nut-like — so different from ordinary bran, which are most unpalatable.

Eat Kellogg's Bran, cooked and branched, with milk or cream. Sprinkle over other cereals. Cook it with hot cereals. And by all means try it in the recipes given on every package.

Kellogg's Bran, cooked and branched, made in Battle Creek, is served in individual packages by the leading hotels and restaurants. Sold by all grocers.

## DATA PRESENTED TO COMMITTEE

Advisory Members of Board Selected to Gather Information on Abolishing Offices

## KETTLERBOROUGH DOES WORK

Says Many People Demanding Abolishment do Not Understand Duties They Perform

(By United Press)

Indianapolis, Ind., Nov. 28—The advisory members of the committee selected by Governor-elect Ed Jackson to investigate unnecessary state boards, commissions and employees presented data on state office to other members of the committee which held their second meeting here today. No recommendations were made by the advisory members and no announcement was to be made by the committee as to what branch of the government would receive its first attention. The data was compiled by Charles Kettlerborough, head of the state legislative reference bureau and member of the advisory committee. It includes the names of all the different departments, their employees and their functions.

The data will furnish the full information on which the three members may act in eliminating any of offices or consolidating any of them to get a higher degree of efficiency in their functions if they find it necessary.

The data also includes all the recommendations that have been made by governors of the state since 1919 to legislatures in their messages regarding elimination or reduction of state employees. It also includes the points brought out by Dr. Carleton B. McCulloch, defeated Democratic candidate for Governor during the campaign just ended on that subject. Kettlerborough, in commenting on the work of the committee, declared that many boards and commissions do not look at the matter from the point of service the bodies render but from the point of view that the bodies were erected to create jobs. When the people consider the functions the boards perform cannot discover ways to do without them.

## ESCAPE DURING SNOW STORM

Two Convicts From Michigan Prison Elude Pursuers

Jackson, Mich., Nov. 28—Armed posses of citizens and police searched today for two convicts who escaped last night from state prison here during a raging snow storm.

The prisoners—Duane Burgess, 24 and Hoebel Baker, 20, both from Detroit—asked permission of guards to go back after their coats while they were being marched to their cells from work on a new prison building. The men crawled through a hole in the fence and disappeared.

Each was sentenced to 15 years imprisonment from Detroit.

## New Way to Stop Night Coughing

Those who have suffered the tortures of sleeplessness due to continual coughing at night, and who as a result often feel utterly worn-out and useless during the day, need no longer permit their systems to be weakened and their vitality sapped by this distressing ailment. For through a very simple treatment the trouble can be stopped almost at once, and people often get their full night's rest undisturbed after the very first trial.

Here is the method: Simply get a bottle of the prescription known as Dr. King's New Discovery from any good drug store. Then to-night before retiring take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. This prescription has a double action. It not only soothes and heals the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. So your throat is left wonderfully soothed and cleared of irritating gatherings, you can sleep soundly and restfully, and the cough is usually gone in a very short time.

Dr. King's New Discovery is a remarkable remedy for coughs, chest colds, bronchitis, sore throat, spasmodic croup, bronchitis, laryngitis and bronchial asthma. At all good druggists. Ask for

After selling my last Meat Market in the city of Connersville, I was asked by some of the good citizens of the city of Rushville to open a Me at Market here. Upon their request I did so—to make it possible for the people of this vicinity to purchase Quality Meats at a reasonable price.

I wish to say that the people of this vicinity have got what they have needed for 40 years—a man that will handle quality meats at a reasonable profit. We have not been here 40 years, just 40 days. I will be known as the originator of low prices on quality meats in the city of Rushville.

I owned and operated two different markets in the city of Connersville that were losing money when I took them over. How did I put them on a paying basis? By handling quality meats on a REASONABLE profit, and by so doing, I got volume. Volume is what you need in the butcher business. There are many people living in Rush County and the city of Rushville that will verify this statement that previously lived in Connersville and Fayette County that patronized me there. **"WE WILL LEAD, OTHERS WILL TRY TO FOLLOW."**

The Goodness of God:—Oh that men would praise the Lord for His goodness, and for His wonderful works to the children of men. Psalm 107:21.

**A Child's Pilgrimage**

Eighteen hundred Iowa and Missouri school children paid homage today at the tomb of Lincoln in Springfield, Ill. They were born to the Illinois city in forty-three steel coaches with funds raised by the Shenandoah, Iowa, Kiwanis club.

When the boys and girls boarded the train for the trip, they probably looked upon the occasion as a joyous "lark." But before they reach home, they will have learned a lesson that could not have been taught in any other way.

A visit to the tomb of Lincoln leaves an indelible impression upon the mind of a child that will ever be a part of its store of memories.

It would be a fine contribution to national patriotism if every school child in America could visit the last resting place of the Emancipator and in the silence of the tomb pledge themselves to a life of devotion to the ideals that he did not live to see realized.

The life of Lincoln can not be stressed too much in the public schools. It teaches the lesson every child needs to learn—rugged personal honesty and a sacrificial spirit that puts the good of all above self.

**The Business of Living**

In his autobiography Benjamin Franklin tells how he kept books on himself. He had a ledger, at the top of each page of which he wrote one of the several virtues he regarded as fundamental for right living. One page he devoted to frugality, another to temperance, a third to industry, a fourth to silence, and so on.

At the end of each day he examined himself and if he had failed in any of these virtues he gave himself a black mark on the ledger. In this way he kept himself informed as to the weak spots of his makeup, and devoted himself constantly to improving them. Thus he kept the record in the ledger balanced.

To Ben Franklin living was the most important of all business. He was more concerned in showing gains and stopping losses in his living than in his printing business.

ing business than in his printing business.

Franklin's bookkeeping system was practical application of the injunction, "know thyself." Self-knowledge is the fundamental of the living business. Most of us are too busy with other businesses to look after this most important of all businesses. That's why there are so many failures in that business.

**The Birds Have Gone South**

During the past few months the great annual flights of migratory birds to the south has taken place. The honk of wild geese flying by night mostly was a familiar sound. So the gathering of great flocks of blackbirds and other varieties preparing to migrate were common sights. Soon Jim Crow, an occasional bluejay, owl or sparrow will be the only land birds left to spend the winter with us. The wonder is how the birds that remain find food, water and shelter. We can all help preserve the birds by placing a little food where they can get it, especially about the house or sheltered places and let the house cat enjoy seeing them through the windows from the inside.

**HUNT'S DAILY LETTER**

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON—A newcomer to politics and to Washington is William B. Pine of Okmulgee, Okla., who broke all records for Republican pluralities in that border state by piling up a total of about 145,000 votes over former Governor Jack Walton in the race for the Senate seat vacated by the voluntary retirement of Senator Owen.

A slight, rather youthful, dapper little fellow is Pine, who ran down to Washington a couple weeks after election to look things over, pay his respects at the White House and "get the lay of the land."

Pine piled up a fortune running into the millions by riding the crest of the Oklahoma oil boom. He doesn't look the part of a frontier oil wild-catter. He doesn't brag and bluster. He looks more like an alert, wide-awake professional man; about five feet seven in height, slender, smooth shaven, heavy brown hair carefully parted and reached neatly backward on the right side.

"I'm not a lawyer," Pine says, "and I haven't any plans for solving the country's problems with a lot of new laws. I think we've got too many laws now."

"I've never held any public office before, and there isn't any other public office I ever wanted or would have. The people of my state surely were kind to me, to pick for me the only office I ever had any desire to hold."

Although glad to have been elected to the Senate, Pine isn't in any hurry to move to Washington. "I don't expect to hunt a home here until next December," he said. "I don't expect any special session of Congress. Business doesn't need any. Anyway, we can't legislate ourselves into prosperity."

While on the subject of Oklahoma, it might as well be pointed out that Pine's election by a record-breaking majority,

thereby giving the Republicans both seats in the Senate from a state until very lately considered solidly Democratic, has heartened the G. O. P. down there to the point where it is now demanding a seat at the cabinet table.

"Give Oklahoma a place in the cabinet and thereby put it solidly in the Republican column," is the advice being dinned into President Coolidge's ears.

The post at which Oklahoma is now shooting is that of secretary of agriculture. John Fields, ex-farmer, ex-editor, now business man and banker of Oklahoma City, twice the Republican candidate for governor, is the man proposed. Anything that can be done to aid the way for Fields' appointment, Pine and his friends are ready to do.

THE Senate already is succumbing to the influence of the Dawes dudes, or underslung pipe.

Senator John Harrell may even undertake to introduce the Dawes smoke consumer into the Cherokee tribe of Indians as the latest model pipe of peace.

Harrell is seeking some way to bring about a settlement of a dispute among the Cherokees of Oklahoma which will permit the distribution of some \$50,000,000 in oil royalties, now locked up in Uncle Sam's safe.

Before settling himself to the job of drafting a bill to authorize distribution of this cash, he bought himself a Dawes type of pipe and a can of the blackest tobacco on the market with which to try out its efficacy as a source of inspiration.

WHO says Uncle Sam doesn't know the fitness of things? He even makes names count in diplomacy.

He has sent Ulysses and Trojan to represent us in the near east, where the original Ulysses and Trojan won their campaigns. Ulysses Smith and Trojan Keddington are, respectively, minister and secretary at Tirana, capital of Albania.

**PEOPLE'S SAYSO****Remembrances**

(Editor's Note: The following is a paper which Charles Vettors of Greenfield, formerly of this city, prepared to read at the annual reunion of Frog Pond school last fall, but as it was not held, he sent it to the Daily Republican for publication.)

Neighbor-Friends, class and schoolmates of Noble township of a half century ago: greeting.

It sure is a time of joy and rare pleasure to meet in reunion the remnants of some of those historic terms of school that were taught in old Frog Pond school house in Noble township beginning in the fall of 1865 and continuing until 1873.

In all probability the most historic term of school ever taught in Noble township was that at the Frog Pond school beginning October, 1865, and running over into January and February 1866.

It must be remembered this was one of the most over crowded schools ever taught in Rush county for it contained every grade known to the school profession at that time and in addition to the pupils of the school district were four young men who had served four years in the army who were anxious to attend this term of school.

The trustee of Noble township at this time was foresighted and fortunate to secure the service of Josiah Gamble of Fayette county to take charge of and teach this term of school.

Mr. Gamble was rated as one of the ablest and best instructors and teachers of his time or he never could have succeeded in teaching little children their letters and devote so much of his time to the more advanced grades.

Lamentable no school roll has been preserved of this term of school taught at Frog Pond fifty-eight years ago, but I think I can give very nearly all the names of those attending.

The school roll as I remember were Ben and Jennie Reeves, Albert, Annie and Isoria Reeve, Gary and Fannie Armstrong, Samp, Rich, Tenny, Dick and Bool Wilson, Matt and Sink Conner, John H. and Medline Frazee, Omer and Julia Thompson, Julia and Missouri Perkins, Henry, George and Alice Spacey, George, William and Pircella Looney, George Mierr, Lillie and Ida Wiley, Nora Looney, Charlie Vettors, Jim Hendrix and David McKee, Fred Leppner, Bert Hilligoss, Ham Keithler and Will Siders, the last four named, had served throughout the civil war.

There may have been a few others who attended this term of school fifty-eight years ago and if they did it has been an oversight of mine that I have not mentioned their names.

To remember all the pupils of a large school and their names along with all the fights and scraps on the play ground of a district school fifty-eight years is not what its

Man in Chicago shot himself because he lost his money and was broke like the rest of us.

New York man robbed a woman in a hotel and got arrested, possibly for impersonating the hotel owner.

Big Chicago mail-order house has quit selling pistols, maybe because so many women are using arsenic instead.

Coolidge went aboard the Mayflower in a snowstorm, not minding it in the least after a landslide.

Perhaps an auto which ran into a bank in St. Louis wanted to see if its owner had any money left.

They think a cigaret caused the Jersey fire. That's an argument for chewing tobacco. It never caused a flood.

cracked up to be.

The two terms of school following Mr. Gamble's term of school was taught by M. Donaldson and Z. T. Smith and passed without incident. W. C. Ridgion followed Mr. Smith as teacher of the Frog Pond school and his taking over of matters marked the beginning of better things for the school and the community. Mr. Ridgion was given to literary work and it was during his term as teacher of the Frog Pond school the public were given some excellent literary entertainments.

Mr. Ridgion was followed by the late Ira W. Avers as teacher of two terms and I always looked upon Mr. Avers as the equal if not the ablest and best teacher that ever taught school at Frog Pond in my school day.

Since the close of Mr. Avers last term of school at Frog Pond I have given the school at that place but little thought. It was in 1873 Mr. Avers closed his term as teacher of the Frog Pond school and I might mention the last school he taught was at the Buell school in 1875-1876.

Just what per cent remains of those attending the Frog Pond school fifty-eight years ago I don't know, but I do know all who survive are now broken and bending under the burden of years and that it is only a question when the last roll will be called and answered by the last remaining member of the school at Frog Pond as it was fifty-eight years ago.

## ALEXANDER BEST SHOOTER

Moscow Center Stands Out in Defeat of Milroy With 10 Goals

Alexander, center for the Moscow high school basketball team, appeared as the outstanding goal getter in the game between Moscow and Milroy Wednesday night, at Milroy, when Moscow won out, 30 to 27. Alexander counted ten field goals. Kinnett of Milroy ranked next with 7 baskets. The line-up and summary of the game is as follows:

Moscow 30	Milroy 27
Creed ..... F	Kinnett ..... F
Thompson ..... F	Seright ..... F
Alexander ..... C	Moore ..... C
Coers ..... G	Breadmond ..... G
Whisman ..... G	Tremain ..... G

Substitutions, Boring for Kinnett, Selby for Seright. Field goals: Creed 3, Thompson 2, Alexander 10, Kinnett 7, Selby 2, Moore 3. Foul goals, Boring 2, Kinnett. Referee Hinchman.

Mooresville at Bainbridge.  
Gas City at Sweetser.  
Cartilage at Morristown.

Rushville high school and Newcastle, after a one day rest, will face each other tonight in a basketball game here and each team is reported to be in good shape for the contest. Both teams were on the losing end of the Wednesday night scores, with Newcastle being defeated by one point at Connersville, and Rushville dropping a hard game by two points to Shelbyville.

The Newcastle team this year is the best in the history of that city. The team is built around the playing of the two forwards, Gauger and Edwards, who are fast men, and hard to stop.

The Rushville second team tonight faces a new foe, when the Westland first team comes for a game. The game will be called at 7:15, and the doors open at 6:30. Newcastle is expected to send 500 rooters with their team.

The other high school teams in the county will be idle tonight. Cartilage, after their win over Spiceland Wednesday night, will journey over to Morristown Saturday night, taking both the first and second teams.

### FIGHTS AND FIGHTERS

Chicago—Mickey Walker, world's welter champion, will arrive here tonight to start training for his bout with Jack Malone in Milwaukee, December 8.

Cleveland—Johnny Risko, local heavyweight, will meet Romero Rojas, Chilean boxer, in a 12 round decision bout here tonight.

Atlanta—Young Stribling won the decision from Harry Fay of Louisville in a 10 round bout here. Fay saved himself from a knockout several times by his clever footwork and clinching.

Los Angeles—Tony Fuente, Mexican heavyweight who recently knocked out Fred Fulton in 30 seconds, has been matched for a 12 round bout with Charles Wernte, according to Fulton's manager.

Covington—City council here is considering a petition to have the McDonald farm disannexed from the city. If the farm is disannexed the area of the city would be cut in half.

### Waiting on Landis to Give Fact

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Nov. 28—Details of the Cozy Dolan-Jimmy O'Connell scandal, for which the baseball public has been asking since the attempted bribe of a Philadelphia player was made known, probably will remain buried with some other mysteries connected with other scandals.

As long as Commissioner Landis does not volunteer some information as to his reasons for accepting only a part of Jimmy O'Connell's testimony, the details could be forced out only through court action.

Some of the most interesting and most important angles of the 1919 White Sox scandal were not made public until Joe Jackson, one of the barred players, brought suit against the Chicago club for back salary.

Evidence was presented at that time that Charley Comisky, owner of the White Sox, had offered Jackson a new contract at an increased salary after he had learned that Jackson and his confederates had taken money from the gamblers who wanted to fix the series.

Jackson insists to this day that he didn't have a part in throwing any of the games, but the fact that he had taken money and that his name had been mentioned in the deal was no good reason for Comisky to desire his presence on the club or to give him an increase in pay.

When Cozy Dolan threatened to sue

Commissioner Landis for a share of the world's series money awarded to the New York Giants and for \$100,000 personal damages, it was hoped that some of the details would be forced out.

Landis probably will argue that the details are not important. If they are not important, why are they not made known? If they are important, there are all the more reasons for making them public.

For some reason Dolan seems to have abandoned the plan of seeking the restitution of his money and his good name in court. Little stock can be taken in the report around Broadway that the threat of a suit was just a bluff and that Dolan was bought off by the powers.

It was recently disclosed that Ban Johnson president of the American League, wanted to give Jackson and the White Sox gang their share of the award for winning second place in the 1920 pennant race rather than have the case thrown into court. Landis and John Heydler, president of the National League, however, voted against it and accepted the possibility of a suit rather than turn over what might be looked upon as hush money.

If Landis and Heydler, as well as the majority of the club owners of the two major leagues, were willing to have the White Sox case thrown into the courts, there is no reason to believe that they would buy off Dolan, unless there are some angles to the Dolan-O'Connell case that simply couldn't be aired in public.

## STATE ROADS NEVER IN BETTER SHAPE TO STAND WINTER STRAIN

Indianapolis, Ind., Nov. 28—New pavement is completed and will be opened December 16 from a point 14 miles north of Kokomo to Peru on State Road No. 1. It was announced today in the state highway commission's weekly traffic bulletin.

John D. Williams, director, pointed out that when this section is opened, there will be continuous pavement from Franklin through Indianapolis, Kokomo to Peru, excepting two short detours, one west of Miami and the other at a bridge project 7 miles north of Kokomo.

Williams said that state roads were never in better shape to withstand winter traffic and also there are less detours around construction than at any time before for practically all the 1924 construction excepting a few bridges have been completed and are now in use.

State Road conditions for the week of November 28—December 5 are described by Williams as follows:

No. 1—Pavement in use from Indianapolis to a point 14 miles north of Kokomo, with a detour at bridge 7 miles north of Kokomo. Closed from Neads' Corner to Peru, detour marked. (Entire road open Dec. 16 between Kokomo and Peru except west of Miami and at bridge 7 miles north of Kokomo.) South of Indianapolis detour via Laidleytown between Seymour and Crothersville account construction.

No. 2—New pavement open from Lincoln Highway west to Allen county line with detour at bridge out 21 miles west of Lincoln Highway; also new pavement from Warsaw east 6 miles, thence detour south via Pierceton to old location into Columbia City.

No. 4—One mile of earth road between Dugger and Linton; detour over county road through Dugger in wet weather. Run-around at Busserson Creek, 3 miles east of Sullivan, soft in rainy weather. Detour just west of Seymour account bridge construction.

No. 5—Construction from junction of 41 and 5 to west Baden detour over State Roads 41 and 22.

No. 6—Pavement open between New Bethel and Shelbyville with one short detour between. Northwest of India polis use pavement to 3.7 mile north of Lebanon, thence to west through Thorntown returning to No. 6 at 3 miles north of Thorntown.

No. 7—Closed for about 5 miles west of Peru portion overlapping No. 1 being paved detour marked. (Open Dec. 16.)

No. 10—Pavement open Evansville to Princeton. Traffic use old state road between Princeton and Patoka. Closed at 4 miles north of Veedsburg account paving, detour to east, returning to No. 10 at 7 miles south of Attica. Bridge out 1 mile north of Marshall; detour is fair. Detour west at Attica through Williamsport account Wabash railroad bridge crossing. Detour east at 1 mile north of Carbondale account bridge construction.

No. 11—Roadside run-around at bridge out at 1 mile north of Road 17 and at 2 miles south of Albion.

No. 12—Five slow because of grading new fill at Fish Creek 4 miles south of Freedom.

No. 13—Detour around bridge construction just south of Bluffton. Roadside run-around at bridge projects between Ossian and Bluffton.

No. 14—Earth road from Leopold Junction to St. Croix is soft in wet weather.

No. 16—Use new pavement from Little Pigeon Creek to Gentryville. Detour over earth road at overhead railroad crossing project at Lincoln City. (New location not passable between Lincoln City and a point 4 miles west of St. Meinrad. Traffic between St. Meinrad and Dale use county gravel road. Construction between St. Meinrad and Leavenworth. (Avoid) Watch for blasting at wash-out 3 miles west of New Albany.

No. 17—Two run-arounds between Ligonier and Kendallville, and one mile east of Waterloo account bridge construction.

No. 19—Detour around bridge construction 2 miles west of Tipton.

No. 22—Pavement between Indianapolis and Martinsville being used by traffic using three detours around bridge construction. South detour, north of Waverly, very narrow, rough and dangerous. Through traffic advised to use No. 12 between Indianapolis and Martinsville. Construction south of Paoli should be avoided is possible. Run-around at bridge project south of Harrodsburg.

No. 24—New grade completed between Pahrara and Salem. Go via Fredericksburg or Martinsburg in wet weather. (New Albany and Louisville traffic go via Pekin and Martinsburg coming out on Road 5 at Greenville in wet weather.)

No. 25—New pavement open from Lagrange to Within 1 mile of Goshen—middlebury road. One-half mile detour marked to south. Run-around at bridge construction 8 miles east of Angola.

No. 27—Detour only fair around bridge out over Elkhart river 3 miles south of Goshen.

## LEITS IS ALLOWED 10 POINTS

Moscow Independents Score 57 With Ease Thursday Night

The Moscow Independent basketball team, champions of eastern Indiana last season, started off in whirlwind fashion by defeating the team at Letts, south of Greensburg Thursday night, by the count of 57 to 10.

The Gosnell players on the Moscow team had everything their own way, and completely outclassed the team at Letts. Reed was a good feeder for them, and made 14 goals. The line-up and summary:

Moscow 57	Letts 10
P. Gosnell ..... F	Gray ..... F
Reed ..... F	Sheldon ..... F
N. Gosnell ..... C	Wiley ..... C
Tillison ..... G	Elliott ..... G
C. Gosnell ..... G	Root ..... G

Substitutions, Bowers for P. Gosnell. Field goals, P. Gosnell 3, Reed 14, N. Gosnell 7, Tillison, C. Gosnell Gray 2, Wiley. Foul goals, Reed 5, Gray 2, Wiley. Referee Smith.

## WEAK, RUN DOWN AFTER SICKNESS

Lydia E. Pinkham's Vegetable Compound Made Mrs. Dube Well and Strong

E. Hartford, Conn.—"After a severe sickness I was so weak that I could not do my housework, so my mother told me to take Lydia E. Pinkham's Vegetable Compound. The first bottle helped me so much that I took six more bottles and felt fine. I have just given birth to a nice baby girl and am feeling strong and well. So different from the way I felt before. I am taking the Vegetable Compound right along while nursing. The baby seems to be in good health, and my friends say they see a big change for the better in me."—Mrs. EUGENE DUBE, 59 Woodbridge Street, East Hartford, Connecticut.

The Vegetable Compound is a splendid medicine to bring back health and strength. Many mothers have found this true, as did Mrs. Dube. Ask some of your neighbors and friends, for there are women everywhere who know by experience the value of Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

## Di-Jo Relieves Indigestion

There is no doubt that many people suffer needlessly from indigestion and stomach trouble. If they only knew the relief that can be secured through Di-Jo Tablets this number would be much less.

Most cases of indigestion arise from overeating, eating too fast or eating the wrong kind of food. In all such cases a few Di-Jo Tablets after each meal will give almost instant relief to that heavy, bloated feeling, belching or sour stomach.

The simple drugs used in the preparation of Di-Jo are intended for just such relief and are the same as prescribed by family physicians for years. They are packed in convenient form for your use.

Try Di-Jo Tablets and you will be surprised at the quick results. All druggists sell and recommend them.

If you are troubled with constipation take DI-VAC. It is sold by all druggists, and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

**YOUR CAR REFINISHED IN  
HALF THE TIME**  
Rain, Snow or Shine Cannot  
Affect DUCO.

Out of the test tubes of du Pont chemists has come DUCO, a radically new and vastly improved automobile finish.

Duco Finish sets a new standard of beauty and durability. It is waterproof, weatherproof, wearproof. It has a firm adhesion, unapproached by any other finish, and a soft lustre that actually improves with age.

With Duco Finish on your car, you can leave it out in any kind of weather. Rain, snow or shine cannot affect it. You can drive for weeks through mud and slush and then wipe the dirt off with a dry cloth. Rubbing will actually polish the finish, without scratch or mar, provided no coarse grit or gravel adheres.

Duco Finish saves refinishing time. It can be applied in less than half the time formerly required.

Come and see Duco jobs we have turned out, and talk to some of the owners we have served. Let us estimate on refinishing your car, with your choice of a large number of beautiful non-fading colors.

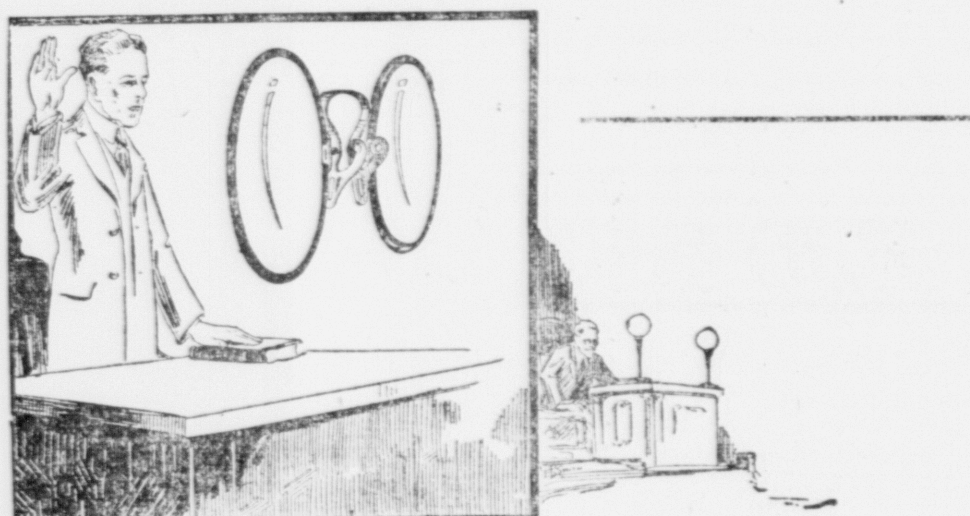

**JOE CLARK**  
"We are on the Square"

## NOW IS THE TIME

To arrange the date for having your car refinished with DUCO. If you wait too long, we may both be disappointed—you in not being able to wait, and we losing the job. Arrange date now. Bad weather does not affect Duco, and your car will be ready when you are ready to use it. We can take care of a few more cars before the first of the year. Our price will be higher after the first of January. Come in and see the cars we are painting now. See how the chassis are cleaned and painted just as good as the body.

We don't paint on top of mud and grease like most painters do.

The Only Duco Refinishing Station in Rush Co.

**TRUTH** is the success of this institution. Examination may prove glasses unnecessary. Your eyes may need other attention. Our expert optometrist will give you the facts. That's worth knowing. We are waiting for you.

## STOLEN AUTOS BOTH RECOVERED

Accessories Missing on Machines  
Taken Wednesday Night from  
John Kennedy and Georgia Hunt

### ANOTHER THEFT FRUSTRATED

Earl Morton Reports Attempt to  
Steal His Car—Keys Left by  
Man Found in Machine

The two automobiles that were stolen Wednesday night, were recovered Thursday, and in each case the thieves stole accessories when they discarded the machines.

The Ford coupe belonging to John Kennedy, which was taken from in front of his house, was found about noon Thursday along the side of the road south of Circleville. Two tires were removed and a spot light and all of the tools were stolen, but otherwise no damage was done to the car.

The Maxwell coupe owned by Miss Georgia Hunt was abandoned in Glenwood and located Thursday night. The robbers evidently were intending to leave the country with it, when a tire blew out. The extra tire on the rear was partially unwrapped, and it appeared as if the robbers were frightened away before they had a chance to change tires. All of the accessories about the machine, including the tools, were stolen.

Earl Morton reported to the police Thursday that when he went to get in his machine Wednesday night, it was occupied by a man attempting to unlock the switch board. He took the fellow in charge who said that he lived in Muncie but meant no harm by sitting in the car. After Morton had given him his release, he discovered that the man had left his bunch of keys on a key ring in the switch board and the keys have been turned over to the police as a clue to the guilty party.

The man evidently was preparing to drive the car away, when the owner appeared on the scene and frustrated the plans.

## RUSHVILLE WOMAN ALLOWED TO GO FREE

Indianapolis Patrolman Reprimanded for  
Hauling Mrs. J. E. Churchill  
in Patrol Wagon

### FOR A MOTOR LAW VIOLATION

After being hauled to Indianapolis police station in a patrol wagon Mrs. J. E. Churchill of this city, who was detained by a traffic policeman for alleged violation of the motor laws, was allowed to go free and the charge against her was dismissed. The patrolman was severely reprimanded for the treatment given Mrs. Churchill, according to the following from the Indianapolis News:

Herman F. Rikoff, chief of police, Tuesday afternoon reprimanded Traffic Policeman Record for arresting Mrs. J. E. Churchill, of Rushville, for violation of the traffic ordinance. Mrs. Churchill is said to have passed one of the "silent" policemen without stopping as it commanded. The chief also instructed Lieutenant Louis Johnson to instruct traffic officers not to arrest out-of-town motorists who disobey traffic signals, but to warn them of the danger of such violations. The charge against Mrs. Churchill was dismissed.

Mrs. Churchill told officers at the police station that she had elderly women in her car, and had only two blocks to take them when Record placed her under arrest and took her to the police station in the patrol. The two women were compelled to wait in the car until she returned to Meridian and Thirtieth streets, where the arrest was made, she said. She was released on her own recognizance after telling her story to Captain Fletcher at the police station.

### ELECTION OF OFFICERS

Rush chapter No. 24 will hold a stated convocation and election of officers, followed by work in the mark master degree, Monday night at 7:30 o'clock.

## Noah's Ark Is Referred To As A Barge

Garden of Eden is "a Park" and the City of David "Davidsburg" in New Translation of Old Testament Just Completed by Dr. James Moffatt of Glasgow, Scotland

(By United Press)

New York, Nov. 28—Noah's Ark is a "barge," the Garden of Eden is a "park," the city of David "Davidsburg" in the new translation of the old testament, just completed by Dr. James Moffatt, of Glasgow, Scotland. The announced effort of Dr. Moffatt is to reduce the old testament to a language that will be understood in 1924. The author who has many titles from learned societies is of the opinion that the old testament in the King James version, couched in the language of 1611, is not clear in 1924. He advocates a re-translation of the Bible for every generation in the language of that generation.

The latest Moffatt work is not, the preface states, a revision of the accepted King James Revision of the scriptures, but a new translation from the original manuscripts. It is an interpretation, both exact and idiomatic, intended for the 20th century, he says. The original translation, Dr. Moffatt holds, was made from various sources—Judahite and northern Israel—neither of which was compiled earlier than the ninth century.

The first volume carries through the book of Esther.

Dr. Moffatt in his book explains the old testament is for the most part, made from a collection of books oriental in form and in thought. They have, he says, been edited drastically by other hands. He has tried to reconcile them and bring them up to date in translating the language into modern English. He admits that the original Hebrew text has in many cases no exact translation into 1924 English and in these cases he has used the Hebrew knowledge.

Dr. Moffatt discards the word Jehovah and replaces it with "the eternal" as more nearly representing the meaning of the ancient Hebrew word to modern thought.

## DEFECTIVE FLUE FIRE CAUSE

Small Portion of Roof at Home of  
Eli Owens Burns

A defective flue caused a fire loss estimated at \$25 Thursday shortly after noon, at the residence of Eli Owens, 822 West Second street. A small portion of the roof was burned off, and it was necessary to lay a line of hose in order to put out the fire. The alarm was turned in from box 36, Second and Hannah streets, which summoned the department.

The dwelling is owned by William Hardin, and insurance sufficient to cover the loss was carried. The run yesterday was the tenth for the month, and the 71st for the year.

## ARE GIVEN 10 TO 21 YEARS

Former Policemen Who Robbed Hag-  
erstown Bank Sentenced

Richmond, Ind., Nov. 28—John Pritchard, 28, and Carl Roberts confessed robbers of the Hagerstown Union Trust Company bank, today were given terms of ten to twenty-one years in the state prison when arraigned before Judge Hoelscher.

Both men, former members of the Fort Wayne police force, entered pleas of guilty and asked to be sentenced immediately.

They were caught a few days after the robbery, which occurred on Friday, November 14. The daylight theft netted them \$1,500, about half of which was recovered.

### INJURED IN CRASH

Datus Hollowell, resident of Washington township, is recovering from a serious auto mishap which he suffered injury a few days ago. He was driving his Ford coupe on state highway 36, south of Mays, when a machine driven by people from Brookville, collided with him. He suffered a broken rib and other injuries which has caused him to be confined to his bed since. Both machines were badly broken, and the people from Brookville escaped with only minor cuts and bruises.

## To Prison

Mrs. Chris Haney must serve from one to five years in a Kansas state penal institution for complicity in the robbery of the Rock State Bank, south of Wichita, last January. Her husband, Bill Haney, was shot to death in a gun battle with Peoria (Ill.) police last summer.

## ATTENDANCE IS UNUSUALLY LARGE

Dr. J. T. Scull Gives Reasons for Being  
Thankful in Sermon at Union  
Services Thanksgiving Night

### DAY PASSES QUIETLY HERE

Family Gatherings at Which Turkey  
Dinners Were Main Attractions  
Uppermost on Holiday

Attendance at the annual Thanksgiving union services of Rushville churches Thursday evening, at the First Presbyterian church, was unusually large, the main auditorium being filled with people, and a number were seated in the Sunday school room.

The meeting was held under the auspices of the Rushville Ministerial association and the sermon was delivered by the Rev. J. T. Scull of this city, district superintendent of the Methodist Episcopal church.

Thanksgiving day was observed throughout the county in the customary way, the day being given over to family gatherings, at which turkey dinners were the principal attractions.

Many visitors from outside the county were here over the holiday and scores of local people spent the day with friends and relatives elsewhere.

More than the ordinary number of hunters were out Thursday in search of game, according to reports received today.

County wards at the infirmary had a special dinner with chicken instead of turkey as the meat, but there was no occasion for a special meal at the county jail, due to the fact that it was unoccupied, except by Sheriff Hunt and his family.

The musical program at the union services last night was carried out as planned. Mrs. C. E. Walden sang a selection and a combined choir from all of the churches provided other numbers.

The Rev. Gibson Wilson, pastor of the First Presbyterian church, presided at the services, and the Rev. H. W. Hargett, pastor of St. Paul's Methodist Episcopal church, read the president's proclamation. Other ministers of the city were unable to be present on account of illness in their families.

Dr. Scull commented upon the fact that the people of the United States should be thankful that this is a Christian nation. He declared that basis for the statement that this is a Christian nation could be found in the motive which actuated the Pilgrim Fathers in their coming to these shores. He also pointed out that every president of the United States had been a Christian.

Dr. Scull enumerated the many things for which people should give thanks, calling attention to the value of being able to remember and to the joy of having friends. They should be thankful, too, he said, for sight and taste and the other senses.

The sum of \$22.05 was received in the free will offering, which will go to the ministerial association for use in its work.

## Effort To Be Made To Determine What Is Breaking Up Radio Waves

City Water and Light Plant Will be  
Shut Down Completely Tonight at  
Midnight and Investigation Will  
Also Be Made at I. & C. Sub-Station. Dr. M. C. Sexton Gets For-  
eign Stations At Orange

The disturbance in the air about Rushville, which has made radio receiving next to impossible for several weeks, will be completely investigated by the various concerns, which might be responsible for the condition, it was stated today.

The noise that causes the interference has not been traced, and resembles a serious electrical leak of some kind, which breaks the radio waves all to pieces and puts the most expensive radio set out of business.

Three places were pointed out as probably having a leak—the telephone exchange, the city water and light plant and the Indianapolis and Cincinnati traction company. All three concerns are anxious to find the trouble and are co-operating in the matter.

The telephone plant one night this week shut completely down for a few minutes, but the noise continued. Tonight at midnight the city electric plant will shut completely down in an effort to find out if the trouble is in their lines. There is a ground detector on the switch board, but so far the switch board does not reveal any ground.

William Waggoner, master mechanic at the I. & C. shops here, stated today that he would make an investigation tonight of conditions at the

sub-station of the power plant, located here. He will attempt to find whether there is a leak in the wires, by using a ground detector. The sub-station is a 500 kilowatt plant.

The noise that has caused the disturbance disappeared this morning, and radio fans were jubilant, but as the noise has disappeared before and then reappeared against on short notice, the investigations will be made if the noise is in the air tonight.

This week is international radio week, set aside for foreign reception between ten and eleven o'clock each night, but the interference has been so strong here, that no one in Rushville has had an opportunity to tune in on the foreign stations.

Dr. M. C. Sexton took his set to Orange Thursday during the international test, heard Aberdeen, Scotland very plainly and also Madrid, Spain. His set is an eight tube, home assembled outfit and the reception was reported excellent. Dr. A. G. Shauck of Arlington also reported a successful reception of foreign stations one night this week.

The international test will close Sunday night.

### Results In Indianapolis

Indianapolis, Ind., Nov. 28—Indianapolis radio fans listened in on the International air test Thanksgiving night and many reported excellent programs from European broadcasting stations.

Stations in Spain, England, Scotland, France and one in Russia were heard.

European stations will again be on the air from 10 to 11 o'clock tonight.

Bedford Man and Daughter Killed  
When Interurban Strikes Machine  
at Crossing

(By United Press)

Indianapolis, Ind., Nov. 28—Thanksgiving accidents took a toll of five dead and six injured in Indiana.

Four were killed in auto accidents and one was shot while hunting. The injured were all hurt in auto crashes.

Grover Hawkins, of Bedford with his wife and their five children were speeding to Indianapolis for Thanksgiving dinner with his mother when their auto was struck by an interurban car near Maywood.

Hawkins and his sixteen year old daughter, Ruth, were killed. Mrs. Hawkins and Esther and Helen Hawkins were seriously hurt and Paul and Robert Hawkins were badly cut and bruised.

The mother and two daughters were brought to a hospital here, where it was feared the two girls would not recover.

Paul Hawkins, the only member of the party who was able to give an account of the accident, said his father saw another machine cross the interurban tracks and followed it.

The auto was demolished. Ray Poppenshoof, 18, was killed when his shotgun was accidentally discharged while he was hunting near North Webster.

Mrs. Clara Quatenburg, 53, of Elwood, was returning home in the side car of her son's motorcycle from a Thanksgiving dinner with relatives when the motorcycle crashed into a telephone pole. She was thrown to the pavement and fatally injured.

of Story of Discovery

(By United Press)

Columbus, Ohio, Nov. 28—Clarence Sheatsley, 16, son of Mrs. Adie Sheatsley, whose partly cremated body was found in the furnace of the Lutheran parsonage a week ago Monday afternoon was summoned to the office of Prosecutor King for further questioning today.

Young Sheatsley was to be asked to tell again of the scene in the Sheatsley home the day of the tragedy, how he peered into the furnace and thought he saw his mother's body but went out to the football field to "try to forget."

An alienist was introduced into the mystery for the first time today when Dr. R. C. Tarbell was asked to be present in the attorney's office and listen to the boy's review of his story.

The prosecutor and detectives read over copies of Clarence's former testimony to familiarize themselves with his story before re-examining him.

The probe was at a standstill over Thanksgiving. Returning to his office this morning, King said the work would be taken up where it was left Wednesday night.

Legion Will Make no Further Effort  
for More Liberal Terms

Indianapolis, Ind., Nov. 28—The American Legion will make no effort at the coming session of congress to secure more liberal terms for former service men under the adjusted compensation law, John R. Drain, national commander, announced today. "The bonus fight is a closed chapter as far as the legion is concerned," Drain declared. "Revision of the law will be asked only in the event clarification of the administrative provisions becomes necessary."

## FIRST CHURCH IN CITY TO CELEBRATE

St. Paul's Methodist Episcopal Con-  
gregation Plans Observance of  
Centennial, Beginning Sunday

### A PROGRAM FOR THE WEEK

Epworth League and Ladies Days  
are Arranged With Special Events  
Scheduled for Each

Next Sunday morning St. Paul's Methodist Episcopal church will begin the celebration of the hundredth anniversary of its organization. In the latter part of November 1824 the Rev. James Havens was appointed to the Connersville circuit. Either on the last Sunday in November or the first in December of that year he organized the church in Rushville and made it a regular preaching point on the Connersville circuit. The first society consisted of nine members with John Alley as class leader.

On Sunday morning the pastor will preach the historical sermon on the topic, "One Hundred Years of Happy Methodism in Rushville." On Sunday evening the district superintendent, Dr. J. T. Scull, will preach, Wednesday afternoon and evening will be young people's day. Special speakers from other places will be present. In the evening a national Epworth League worker from Chicago will deliver an address.

Thursday evening Dr. Scull will preach and conduct the first quarterly conference. Friday will be Ladies Day. The Aid society will have a bazaar in the afternoon and an oyster supper in the evening. Sunday, December 7, the Rev. Dr. W. W. Sweet of DePauw University will preach the Centennial sermon. In the afternoon at three o'clock Dr. J. W. Turner of Decatur county, a former pastor, will preach. In the evening there will be the monthly service of praise with a special address by Judge Sparks.

"St. Paul is one hundred years young" says a statement from the pastor. "It was the first church organized on the town site, but all its activities indicate youth and growth. It dreams of infinitely greater achievements in the coming century than in the past. Its purpose is to unite religion and common sense. Its motto 'Reaching forward toward the things that are before.'"

### BURNS TO DEATH

Logansport, Ind., Nov. 28—Mansford Coleman, 45, living near Walton, was burned to death today in the explosion of a can of kerosene with which he attempted to light a fire in the heating stove in his home. His clothing was burned from his body and a part of the house was destroyed before neighbors distinguished the flames.

### CASH REQUESTS OF \$50,000

Marion, Ohio, Nov. 28—The will of the late Florence Kling Harding, widow of President Harding, was filed for probate here today. Cash bequests in excess of \$50,000 are distributed generously among her relatives and close friends. No complete estimate of the value of the state is yet available.

## CHANGES OF JUDGE DELAY TWO CASES

Last Minute Motion Results in Trial  
of Tom Meek and Raymond Mor-  
ford Being Postponed

### WAS SET FOR HEARING TODAY

List of Five Judges Submitted by  
Judge Sparks but Defense Fails to  
Strike Off Two

Changes of judge in two criminal court cases were affected this morning in the circuit court, one case being set for trial this morning, but it was delayed on account of the motion seeking another judge.

The case set for trial this morning was against Tom Meek and Raymond Morford, charged with conspiracy and grand larceny in connection with the alleged theft of two steers. Meek filed the motion for a change of judge.

The witnesses and jury were present for the case, although it was postponed Wednesday that the case would not be tried because of a motion that was expected to be presented.

Judge Sparks in granting the motion to Meek, submitted the list of five judges as triers. The list included Fremont Miller of Franklin, Rufus Hinshaw of Newcastle, Gus Holscher of Richmond, James A. Collins, Indianapolis, and Fred Hines of Noblesville. The state immediately struck off Judge Holscher and Judge Collins, but the defense asked for time and will strike off Saturday, thus causing the case to be delayed. The date of the trial will depend upon the judge that is selected to try the case.

This morning the attorneys for William B. Brann, charged with maintaining and assisting in the maintenance of a common nuisance, filed a motion for a change of judge, which was granted.

Judge Sparks in turn submitted five jurists, Judge James Collins of Indianapolis, Charles Lowe of Lawrenceburg, Rufus Hinshaw of Newcastle, Fremont Miller of Franklin and John W. Craig of Greensburg.

The state struck off the names of Judge Hinshaw and Judge Miller and the defense struck off Judge Collins and Judge Lowe, leaving the appointment open to Judge Craig of Greensburg, who will be asked to serve in the case.

The case against Brann has been set for December 4, but on account of the change of judge, the date may be changed by the judge-elect in order to suit the parties concerned.

## REPUBLICAN SENATORS WILL PUNISH ERRANTS

Vote at Caucus to Bar Four Pro-  
gressive Senators From Commit-  
tees—Watson Assistant Leader

### CURTIS AS LODGE SUCCESSOR

Washington, Nov. 28—Senate republicans today voted in caucus to punish Senators LaFollette of Wisconsin, Brookhart of Iowa, Ladd of North Dakota and Frazier of North Dakota, for their errant republicanism.

After electing Senator Curtis of Kansas, as majority floor leader to succeed the late Henry Cabot Lodge and naming Senator Watson as his assistant, the caucus passed a resolution to bar the four progressive senators from any future caucuses. It also voted not to consider these four in filling future committee vacancies.

The action is considered little better than ousting Senator LaFollette and his three supporters from the Republican party. The basis of the action was the active work of the quartet against President Coolidge during the campaign.

Several other senators, who are regarded more or less supporters of Senator LaFollette were not included because they took no active part in the campaign against the president.

## Diseases traced to constipation are many — get permanent relief with Kellogg's Bran

Why does constipation breed other diseases? Because it floods your system with the poisons of indigestion. And the longer you suffer, the more poisons accumulate. That is why constipation should be relieved at once.

Doctors recommend Kellogg's Bran, cooked and branched. They know it brings results because it is ALL bran, and only ALL bran can be 100 per cent effective in relieving constipation.

ALL bran — Kellogg's — sweetens, cleans and purifies the intestine. It acts as a laxative. It makes the intestine function naturally and regularly. If eaten regularly, it will bring permanent relief in the most chronic cases of constipation — is guaranteed.

Do so or your grocer returns your money.

Eat at least two tablespoonfuls daily — in chronic cases, with every meal. You will like the wonderful Kellogg's flavor — so crisp and nut-like — so different from ordinary bran, which are most unpalatable.

Eat Kellogg's Bran, cooked and branched, with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. And by all means try it in the recipes given on every package.

Kellogg's Bran, cooked and branched, made in Battle Creek, is served in individual packages by the leading hotels and restaurants. Sold by all grocers.

## DATA PRESENTED TO COMMITTEE

Advisory Members of Board Selected to Gather Information on Abolishing Offices

## KETTLERBOROUGH DOES WORK

Says Many People Demanding Abolishment do Not Understand Duties They Perform

(By United Press)

Indianapolis, Ind., Nov. 28—The advisory members of the committee selected by Governor-elect Ed Jackson to investigate unnecessary state boards commissions and employees presented data on state office to other members of the committee which held their second meeting here today.

No recommendations were made by the advisory members and no announcement was to be made by the committee as to what branch of the government would receive its first attention. The data was compiled by Charles Kettlerborough, head of the state legislative reference bureau and member of the advisory committee. It includes the names of all the different departments, their employees and their functions.

The data will furnish the full information on which the three members may act in eliminating any offices or consolidating any of them to get a higher degree of efficiency in their functions if they find it necessary.

The data also includes all the recommendations that have been made by governors of the state since 1919 to legislatures in their messages regarding elimination or reduction of state employees. It also includes the points brought out by Dr. Carleton B. McCalloch, defeated Democratic candidate for Governor during the campaign just ended on that subject.

Kettlerborough, in commenting on the work of the committee, declared that many boards and commissions do not look at the matter from the point of service the bodies render but from the point of view that the bodies were created to create jobs. When the people consider the functions the boards perform cannot discover ways to do without them.

## New Way to Stop Night Coughing

Those who have suffered the tortures of sleeplessness due to continual coughing at night, and who as a result often feel utterly worn-out and useless during the day, need no longer permit their systems to be weakened and their vitality sapped by this distressing ailment. For through a very simple treatment the trouble can be stopped almost at once, and people often get their full night's rest undisturbed after the very first trial.

Here is the method: Simply get a bottle of the prescription known as Dr. King's New Discovery from any good drug store. Then tonight before retiring take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. This prescription has a double action. It not only soothes and heals the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. So your throat is left wonderfully soothed and cleared of irritating gatherings, you can sleep soundly and restfully, and the cough is usually gone in a very short time.

Dr. King's New Discovery is a remarkable remedy for coughs, chest colds, bronchitis, sore throat, spasmodic croup, whooping cough, and bronchial asthma. At all good druggists. Ask for

## TIRE FACTS

Don't pay a lot of money for a tire and think you are getting an extra good tire because of the high price. A high priced tire is the result of small quantity production. Goodyear's enormous production enables them to build a tire of unquestionable quality at a price that is surprising. We know that Goodyear is second to none in miles of trouble proof service and we delight in proving it to the man that uses tires.

VOLLAND! Greeting Cards  
Mottoes - Story Books

So Universally has the Volland Line of Memoirs become known for quality, beauty and distinctiveness, that the word in itself almost means thoughtfulness. People everywhere recognize the lasting bond of thoughtfulness. The Volland line expresses an outward sign of this inward grace.

We have one of the largest lines of these Xmas Greeting Cards this year that we have ever carried. All we ask is just come in and look at them—you be the judge. We also have a very complete line of Volland Children's Books and Framed and Unframed Mottoes.

They qualify as ideal gifts because they not only fit the thought of the moment and live more than a day, but because they are fine in every detail, stock, decoration, poetry and prose — to suit the most exacting taste.

After selling my last Meat Market in the city of Connersville, I was asked by some of the good citizens of the city of Rushville to open a Meat Market here. Upon their request I did so—to make it possible for the people of this vicinity to purchase Quality Meats at a reasonable price.

I wish to say that the people of this vicinity have got what they have needed for 40 years—a man that will handle quality meats at a reasonable profit. We have not been here 40 years, just 40 days. I will be known as the originator of low prices on quality meats in the city of Rushville.

I owned and operated two different markets in the city of Connersville that were losing money when I took them over. How did I put them on a paying basis? By handling quality meats on a REASONABLE profit, and by so doing, I got volume. Volume is what you need in the butcher business. There are many people living in Rush County and the city of Rushville that will verify this statement that previously lived in Connersville and Fayette County that patronized me there. "WE WILL LEAD, OTHERS WILL TRY TO FOLLOW."

Our immense buying power for our Wholesale and Retail trade enable us to undersell. We are not afraid to quote prices as that is the best and only way to let the public know how we are selling.

The Goodness of God:—Oh that men would praise the Lord for His goodness, and for His wonderful works to the children of men. Psalm 107:21.

Prayer:—O God, there is none like Thee in the heavens above, or in the earth beneath, for Thy mercy endureth forever.

**A Child's Pilgrimage**

Eighteen hundred Iowa and Missouri school children paid homage today at the tomb of Lincoln in Springfield, Ill. They were born to the Illinois city in forty-three steel coaches with funds raised by the Shenandoah, Iowa, Kiwanis club.

When the boys and girls boarded the train for the trip, they probably looked upon the occasion as a joyous "lark." But before they reach home, they will have learned a lesson that could not have been taught in any other way.

A visit to the tomb of Lincoln leaves an indelible impression upon the mind of a child that will ever be a part of its store of memories.

It would be a fine contribution to national patriotism if every school child in America could visit the last resting place of the Emancipator and in the silence of the tomb pledge themselves to a life of devotion to the ideals that he did not live to see realized.

The life of Lincoln can not be stressed too much in the public schools. It teaches the lesson every child needs to learn—rugged personal honesty and a sacrificial spirit that puts the good of all above self.

**The Business of Living**

In his autobiography Benjamin Franklin tells how he kept books on himself. He had a ledger, at the top of each page of which he wrote one of the several virtues he regarded as fundamental for right living. One page he devoted to frugality, another to temperance, a third to industry, a fourth to silence, and so on.

At the end of each day he examined himself and if he had failed in any of these virtues he "gave himself" a black mark on the ledger. In this way he kept himself informed as to the weak spots of his makeup, and devoted himself constantly to improving them. Thus he kept the record in the ledger balanced.

To Ben Franklin living was the most important of all business. He was more concerned in showing gains and stopping losses in his living.

ing business than in his printing business.

Franklin's bookkeeping system was practical application of the injunction, "know thyself." Self-knowledge is the fundamental of the living business. Most of us are too busy with other businesses to look after this most important of all business. That's why there are so many failures in that business.

**The Birds Have Gone South**

During the past few months the great annual flights of migratory birds to the south has taken place. The honk of wild geese flying by night mostly was a familiar sound. So the gathering of great flocks of blackbirds and other varieties preparing to migrate were common sights. Soon Jim Crow, an occasional bluejay, owl or sparrow will be the only land birds left to spend the winter with us. The wonder is how the birds that remain find food, water and shelter. We can all help preserve the birds by placing a little food where they can get it, especially about the house or sheltered places and let the house cat enjoy seeing them through the windows from the inside.

**HUNT'S DAILY LETTER**

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON—A newcomer to politics and to Washington is William B. Fine of Okmulgee, Okla., who broke all records for Republican plurality in that border state by picking up a total of about 145,000 votes over former Governor Jack Walton in the race for the Senate seat vacated by the voluntary retirement of Senator Owen.

A slight, rather youthful, dapper little fellow is Fine, who ran down to Washington a couple weeks after election to look things over, pay his respects at the White House and "get the lay of the land."

Fine piled up a fortune running into the millions by riding the crest of the Oklahoma oil boom. He doesn't look the part of a frontier oil wild-cutter. He doesn't brag and bluster. He looks more like an alert, wide-awake professional man; about five feet seven in height, slender, smooth shaven, heavy brown hair carefully parted and reached neatly backward on the right side.

"I'm not a lawyer," Fine says, "and I haven't any plans for solving the country's problems with a lot of new laws. I think we've got too many laws now."

"I've never held any public office before, and there isn't any other public office I ever wanted or would have. The people of my state surely were kind to me, to pick for me the only office I ever had any desire to hold."

Although glad to have been elected to the Senate, Fine isn't in any hurry to move to Washington. "I don't expect to hunt a home here until next December," he said. "I don't expect any special session of Congress. Business doesn't need any. Anyhow, we can't legislate ourselves into prosperity."

While on the subject of Oklahoma, it might as well be pointed out that Fine's election by a record-breaking majority,

thereby giving the Republicans both seats in the Senate from a state until very lately considered solidly Democratic, has heartened the G. O. P. down there to the point where it is now demanding a seat at the cabinet table.

"Give Oklahoma a place in the cabinet and thereby put it solidly in the Republican column," is the advice being dinned into President Coolidge's ears.

The post at which Oklahoma is now shooting is that of secretary of agriculture. John Fields, ex-farmer, ex-editor, now business man and banker of Oklahoma City, twice the Republican candidate for governor, is the man proposed. Anything that can be done to oil the way for Fields' appointment, Fine and his friends are ready to do.

THE Senate already is succumbing to the influence of the Dawes dubon, or undubbing pipe. Senator John Harrell may even undertake to introduce the Dawes smoke consumer into the Cherokee tribe of Indians as the latest model pipe of peace.

Harrell is seeking some way to bring about a settlement of a dispute among the Cherokees of Oklahoma who want the distribution of some \$100,000 of oil royalties, now locked up in Uncle Sam's safe.

Before settling himself to the job of drafting a bill to authorize distribution of this cash, he bought himself a "lives type" pipe and a can of the blackest tobacco on the market with which to try out its efficacy as a source of inspiration.

WHO says Uncle Sam doesn't know the limits of things? He even makes names count in diplomacy.

He has sent Uyases and Trojans to represent us in the near east, where the original Uyases and Trojans quit, their campaign of Uyases and Trojans ending in a diplomatic disaster.

**PEOPLE'S SAYSO****Remembrances**

(Editor's Note: The following is a paper which Charles Vettors of Greenfield, formerly of this city, prepared to read at the annual reunion of Frog Pond school last fall, but as it was not held, he sent it to the Daily Republican for publication.)

Neighbor-Friends, class and schoolmates of Noble township of a half century ago: greeting.

It sure is a time of joy and rare pleasure to meet in reunion the remnants of some of those historic terms of school that were taught in old Frog Pond school house in Noble township beginning in the fall of 1865 and continuing until 1873.

In all probability the most historic term of school ever taught in Noble township was that at the Frog Pond school beginning October, 1865, and running over into January and February 1866.

It must be remembered this was one of the most over crowded schools ever taught in Rush county for it contained every grade known to the school profession at that time and in addition to the pupils of the school district were four young men who had served four years in the army who were anxious to attend this term of school.

The trustee of Noble township at this time was foresighted and fortunate to secure the service of Josiah Gamble of Fayette county to take charge of and teach this term of school.

Mr. Gamble was rated as one of the ablest and best instructors and teachers of his time or he never could have succeeded in teaching little children their letters and devote so much of his time to the more advanced grades.

Lamentable no school roll has been preserved of this term of school taught at Frog Pond fifty-eight years ago, but I think I can give very nearly all the names of those attending.

The school roll as I remember were Ben and Jennie Reeves, Albert, Annie and Isoria Reeve, Gary and Fannie Armstrong, Samp, Rich, Tenny, Dick and Boo Wilson, Matt and Sink Conner, John H. and Medline Frazee, Omer and Julia Thompson, Julia and Missouri Perkins, Henry, George and Alice Spacey, George, William and Pincella Looney, George Mierr, Lillie and Ida Wiley, Nora Looney, Charlie Vettors, Jim Hendrix and David McKee, Fred Leppeler, Bert Hillgross, Ham Keithler and Will Siders, the last four named, had served throughout the civil war.

There may have been a few others who attended this term of school fifty-eight years ago and if they did it has been an oversight of mine that I have not mentioned their names.

To remember all the pupils of a large school and their names along with all the fights and scraps on the play ground of a district school fifty-eight years is not what its

New York police chief says he has the crooks on the run, but doesn't say if they are in front or behind.

Mussolini is kicking up a racket in Italy. He's a statesman even if he does sound more like a wren.

Man in Chicago shot himself because he lost his money and was broke like the rest of us.

Four men who escaped from Joliet penitentiary may return when the weather gets a little colder.

New York man robbed a woman in a hotel and got arrested, possibly for impersonating the hotel owner.

Big Chicago mail-order house has quit selling pistols, maybe because so many women are using armale toasts.

Coolidge went aboard the Mayflower in a snowstorm, not minding it in the least after a landslide.

Perhaps an auto which ran into a bank in St. Louis wanted to see if its owner had any money left.

They think a cigaret caused the Jersey fire. That's an argument for chewing tobacco. It never caused a flood.

A hand-carved desk recently sold for \$1600, when you can find a million of them in our schools.

With mother sitting up with the baby and father with the radio there's quite a bit of sleep being lost.

And those who swore they would never play mah jongg have started swearing against crossword puzzles. (Copyright 1924, NEA Service, Inc.)

cracked up to be.

The two terms of school following Mr. Gamble's term of school was taught by M. Donaldson and Z. T. Smith and passed without incident. W. C. Ridgion followed Mr. Smith as teacher of the Frog Pond school and his taking over of matters marked the beginning of better things for the school and the community. Mr. Ridgion was given to literary work and it was during his term as teacher of the Frog Pond school the public were given some excellent literary entertainments.

Mr. Ridgion was followed by the late Ira W. Ayers as teacher of two terms and I always looked upon Mr. Ayers as, the equal if not the ablest and best teacher that ever taught school at Frog Pond in my school day.

Since the close of Mr. Ayers last term of school at Frog Pond I have given the school at that place but little thought. It was in 1873 Mr. Ayers closed his term as teacher of the Frog Pond school and I might mention the last school he taught was at the Buell school in 1875-1876.

Just what per cent remains of those attending the Frog Pond school fifty-eight years ago I don't know, but I do know all who survive are now broken and bending under the burden of years and that it is only a question when the last roll will be called and answered by the last remaining member of the school at Frog Pond as it was fifty-eight years ago.

Cartilage at Morristown.

Rushville high school and Newcastle, after a one day rest, will face each other tonight in a basketball game here and each team is reported to be in good shape for the contest. Both teams were on the losing end of the Wednesday night scores, with Newcastle being defeated by one point at Connersville, and Rushville dropping a hard game by two points to Shelbyville.

The Newcastle team this year is the best in the history of that city. The team is built around the playing of the two forwards, Gauger and Edwards, who are fast men, and hard to stop.

The Rushville second team tonight faces a new foe, when the Westland first team comes for a game. The game will be called at 7:15, and the doors open at 6:30. Newcastle is expected to send 500 rooters with their team.

The other high school teams in the county will be idle tonight. Cartilage, after their win over Spiceland Wednesday night, will journey over to Morristown Saturday night, taking both the first and second teams.

#### FIGHTS AND FIGHTERS

Chicago—Mickey Walker, world's welter champion, will arrive here tonight to start training for his bout with Jack Malone in Milwaukee, December 8.

Cleveland—Johnny Risko, local heavyweight, will meet Romero Rojas, Chilean boxer, in a 12 round decision bout here tonight.

Atlanta—Young Stripling won the decision from Harry Fay of Louisville in a 10 round bout here. Fay saved himself from a knockout several times by his clever footwork and clinching.

Los Angeles—Tony Fuente, Mexican heavyweight who recently knocked out Fred Fulton in 30 seconds, has been matched for a 12 round bout with Charles Wernte, according to Fulton's manager.

Covington—City council here is considering a petition to have the McDonald farm disannexed from the city. If the farm is disannexed, the area of the city would be cut in half.

## Waiting on Landis to Give Fact

By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, Nov. 28—Details of the Cozy Dolan-Jimmy O'Connell scandal, for which the baseball public has been asking since the attempted bribe of a Philadelphia player was made known, probably will remain buried with some other mysteries connected with other scandals.

As long as Commissioner Landis does not volunteer some information as to his reasons for accepting only a part of Jimmy O'Connell's testimony, the details could be forced out only through court action.

Some of the most interesting and most important angles of the 1919 White Sox scandal were not made public until Joe Jackson, one of the barred players, brought suit against the Chicago club for back salary.

Evidence was presented at that time that Charley Comisky, owner of the White Sox, had offered Jackson a new contract at an increased salary after he had learned that Jackson and his confederates had taken money from the gamblers who wanted to fix the series.

Jackson insists to this day that he didn't have a part in throwing any of the games, but the fact that he had taken money and that his name had been mentioned in the deal was no good reason for Comisky to desire his presence on the club or to give him an increase in pay.

When Cozy Dolan threatened to sue

Commissioner Landis for a share of the world's series money awarded to the New York Giants and for \$100,000 personal damages, it was hoped that some of the details would be forced out.

Landis probably will argue that the details are not important. If they are not important, why are they not made known? If they are important, there are all the more reasons for making them public.

For some reason Dolan seems to have abandoned the plan of seeking the restitution of his money and his good name in court. Little stock can be taken in the report around Broadway that the threat of a suit was just a bluff and that Dolan was bought off by the powers.

It was recently disclosed that Ban Johnson president of the American League, wanted to give Jackson and the White Sox going their share of the award for winning second place in the 1920 pennant race rather than have the case thrown into court. Landis and John Heydler, president of the National League, however, voted against it and accepted the possibility of a suit rather than turn over what might be looked upon as hush money.

If Landis and Heydler, as well as the majority of the club owners of the two major leagues, were willing to have the White Sox case thrown into the courts, there is no reason to believe that they would buy off Dolan, unless there are some angles to the Dolan-O'Connell case that simply couldn't be aired in public.

## STATE ROADS NEVER IN BETTER SHAPE TO STAND WINTER STRAIN

Indianapolis, Ind., Nov. 28—New pavement is completed and will be opened December 16 from a point 14 miles north of Kokomo to Peru on State Road No. 1, it was announced today in the state highway commission's weekly traffic bulletin.

John D. Williams, director, pointed out that when this section is opened, there will be continuous pavement from Franklin through Indianapolis, Kokomo to Peru, excepting two short detours, one west of Miami and the other at a bridge project 7 miles north of Kokomo.

Williams said that state roads were never in better shape to withstand winter traffic and also there are less detours around construction than at any time before for practically all the 1924 construction excepting a few bridges have been completed and are now in use.

State Road conditions for the week of November 28—December 5 are described by Williams as follows:

No. 1—Pavement in use from Indianapolis to a point 14 miles north of Kokomo, with a detour at bridge 7 miles north of Kokomo. Closed from Neads' Corner to Peru, detour marked. (Entire road open Dec. 16 between Kokomo and Peru except west of Miami and at bridge 7 miles north of Kokomo.) South of Indianapolis detour via Tiptonville between Seymour and Crothersville account construction.

No. 2—New pavement open from Lincoln Highway west to Allen county line with detour at bridge out 23 miles west of Lincoln Highway; also new pavement from Warsaw east 6 miles, thence detour south via Pierceton to old location into Columbia City.

No. 4—One mile of earth road between Dugger and Linton; detour over county road through Dugger in wet weather. Run-around at Buseron Creek, 3 miles east of Sullivan, soft in rainy weather. Detour just west of Seymour account bridge construction.

No. 5—Construction from junction of 41 and 5 to west Baden detour over State Roads 41 and 22.

No. 6—Pavement open between New Bethel and Shelbyville with one short detour between. Northwest of Indianapolis use pavement to 3.7 mile north of Lebanon, thence to west through Thorntown returning to No. 6 at 3 miles north of Thorntown.

No. 7—Closed for about 5 miles west of Peru portion overlapping No. 1 being paved detour marked. (Open Dec. 16.)

No. 10—Pavement open Evansville to Princeton. Traffic use old state road between Princeton and Paduca. Closed at 4 miles north of Veedersburg account paving, detour to east, returning to No. 10 at 7 miles south of Attica. Bridge out 1 mile north of Marshall; detour is fair. Detour west at Attica through Williamsport account Wabash railroad bridge crossing. Detour east at 1 mile north of Carbondale account bridge construction.

No. 11—Roadside run-around at bridge out at 1 mile north of Road 17 and at 2 miles south of Albion.

No. 12—Five slow because of grading new fill at Fish Creek 4 miles south of Freedom.

No. 13—Detour around bridge construction just south of Bluffton. Roadside run-around at bridge projects between Ossian and Bluffton.

No. 14—Earth road from Leopold Junction to St. Croix is soft in wet weather.

No. 16—Use new pavement from Little Pigeon Creek to Gentryville. Detour over earth road at overhead railroad crossing project at Lincoln City. (New location not passable between Lincoln City and a point 4 miles west of St. Meinrad. Traffic between St. Meinrad and Dale use county gravel road. Construction between St. Meinrad and Leavenworth. (Avoid) Watch for blasting at wash-out 3 miles west of New Albany.

No. 17—Two run-arounds between Ligonier and Kendallville, and one mile east of Waterloo account bridge construction.

No. 19—Detour around bridge construction 2 miles west of Tipton.

No. 22—Pavement between Indianapolis and Martinsville being used by traffic using three detours around bridge construction. South detour, north of Waverly, very narrow, rough and dangerous. Through traffic advised to use No. 12 between Indianapolis and Martinsville. Construction south of Paoli should be avoided if possible. Run-around at bridge project south of Harrodsburg.

No. 24—New grade completed between Palmyra and Salem. Go via Fredericksburg or Martinsburg in wet weather. (New Albany and Louisville traffic go via Pekin and Martinsburg coming out on Road 5 at Greenville in wet weather.)

No. 25—New pavement open from Lagrange to Within 1 mile of Goshen—middlebury road. One-half mile detour marked to south. Run-around at bridge construction 8 miles east of Angola.

No. 27—Detour only fair around bridge out over Elkhart river 3 miles south of Goshen.

## LETTS IS ALLOWED 10 POINTS

Moscow Independents Score 57 With Ease Thursday Night

The Moscow Independent basketball team, champions of eastern Indiana last season, started off in whirlwind fashion by defeating the team at Letts, south of Greensburg Thursday night, by the count of 57 to 10.

The Gosnell players on the Moscow team had everything their own way, and completely outclassed the team at Letts. Reed was a good feeder for them, and made 14 goals. The line-up and summary:

Moscow 57	Letts 10	
P. Gosnell	F	Gray
Reed	F	Sheldon
N. Gosnell	C	Wiley
Tillison	G	Elliott
C. Gosnell	G	Root

Substitutions. Bowers for P. Gosnell. Field goals: P. Gosnell 3, Reed 14, N. Gosnell 7, Tillison, C. Gosnell Gray 2, Wiley. Foul goals: Reed 5, Gray 2, Wiley. Referee Smith.

No. 28—Earth road between Sandy Hook and Rodgers; ferry at White river. Drive carefully at dangerous hill south of Newberry.

No. 32—Road closed 2 miles north of Finecastle account bridge construction. Fair detour east at 2 miles north of Finecastle. Run-around at bridge construction at Romney.

No. 33—Side detour account bridge construction between Veedersburg and Covington.

No. 39—Bridge run-around at foot of Bulltown Hill near Laurel.

No. 40—Bridge building between Madison and Brooksbury. Fresh gravel between Scottsburg and Blocher. (Avoid) Five miles course stone between Freeland and Cato.

No. 41—Being rebuilt as stone road. Traffic use new grade over Willow Valley hill except in wet weather, then use the old road.

No. 47—Traffic use old gravel road between Troy and Macksville, thence west on new gravel road.

Note: Roads not mentioned and parts mentioned but not specified are in excellent condition.

## WEAK, RUN DOWN AFTER SICKNESS

Lydia E. Pinkham's Vegetable Compound Made Mrs. Dube Well and Strong

E. Hartford, Conn. — "After a severe sickness I was so weak that I could not do my housework, so my mother told me to take Lydia E. Pinkham's Vegetable Compound. The first bottle helped me so much that I took six more bottles and felt fine. I have just given birth to a nice baby girl and am feeling strong and well. So different from the way I felt before. I am taking the Vegetable Compound right along while nursing. The baby seems to be in good health, and my friends say they see a big change for the better in me."

Mrs. EDGEMOND DUBE, 59 Woodbridge Street, East Hartford, Connecticut. The Vegetable Compound is a splendid medicine to bring back health and strength. Many mothers have found this true, as did Mrs. Dube. Ask some of your neighbors and friends, for there are women everywhere who know by experience the value of Lydia E. Pinkham's Vegetable Compound. Write to Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

## Di-Jo Relieves Indigestion

There is no doubt that many people suffer needlessly from indigestion and stomach trouble. If they only knew the relief that can be secured through Di-Jo Tablets this number would be much less.

Most cases of indigestion arise from overeating, eating too fast or eating the wrong kind of food. In all such cases a few Di-Jo Tablets after each meal will give almost instant relief to that heavy, bloated feeling, belching or sour stomach.

The simple drugs used in the preparation of Di-Jo are intended for just such relief and are the same as prescribed by family physicians for years. They are packed in convenient form for your use.

Try Di-Jo Tablets and you will be surprised at the quick results. All druggists sell and recommend them.

If you are troubled with constipation take DI-VAC. It is sold by all druggists, and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

### YOUR CAR REFINISHED IN HALF THE TIME

#### Rain, Snow or Shine Cannot Affect DUCO.

Out of the test tubes of du Pont chemists has come DUCO, a radically new and vastly improved automobile finish.

Duco Finish sets a new standard of beauty and durability. It is waterproof, weatherproof, wearproof. It has a firm adhesiveness, unapproached by any other finish, and a soft lustre that actually improves with age.

With Duco Finish on your car, you can leave it out in any kind of weather. Rain, snow or shine cannot affect it. You can drive for weeks through mud and slush and then wipe the dirt off with a dry cloth. Rubbing will actually polish the finish, without scratch or mar, provided no coarse grit or gravel adheres.

Duco Finish saves refinishing time. It can be applied in less than half the time formerly required.

Come and see Duco jobs we have turned out, and talk to some of the owners we have served. Let us estimate on refinishing your car, with your choice of a large number of beautiful non-fading colors.

## NOW IS THE TIME

To arrange the date for having your car refinished with DUCO. If you wait too long, we may both be disappointed—you in not being able to wait, and we losing the job. Arrange date now. Bad weather does not affect Duco, and your car will be ready when you are ready to use it. We can take care of a few more cars before the first of the year. Our price will be higher after the first of January. Come in and see the cars we are painting now. See how the chasses are cleaned and painted just as good as the body.

We don't paint on top of mud and grease like most painters do.

The Only Duco Refinishing Station in Rush Co.

**TRUTH** is the success of this institution. Examination may prove glasses unnecessary. Your eyes may need other attention. Our expert optometrist will give you the facts. That's worth knowing. We are waiting for you.

## The Difference in Cars

is not so much in the make or kind of motor that is put into it as it is with the kind of cars and workmanship that is put on it.

Your car will run different with expert mechanics in charge of it.

Let us be your advisers as well as your servants.
